

**Architects Provide Award Winning Style To Expanding Commercial Market
In The Southwestern United States**

Montgomery Design Group Inc, with three decades of experience, is pleased to announce the completion of the design for The Village Shoppes located in Arizona's rapidly expanding market.

Scottsdale, AZ (PRWEB) February 21, 2006 -- Montgomery Design Group Inc, with three decades of experience, assisted with the rezoning, construction documents, and the design that defines The Village Shoppes project. "This commercial development is intended as a retail environment dedicated to a neighborhood boutique market place, composed of mixed use for restaurants, small shops, and retail sales. It is clustered around interior and exterior landscaped pedestrian courtyards that will cover a 3.8 acre site" states Fabio S. Neto, Vice President Montgomery Design Group.

With attention to detail and the environment, the design received full neighborhood support and is on track with the initial timeline. "We are very excited about our contribution towards the rapid expansion along the Baseline corridor that is attracting new commerce to Phoenix" states Robert M. Brown, President of Montgomery Design Group. "It is amazing to see the positive transformation and growth that the Valley has undergone in the last decade and our Firm has been honored each time we have been asked to play a role in the architectural design that sets the stage for the future".
